DO IT NOW

Norwich People Should Not Wait Until It Is Too Late.

The appalling death-rate from kid-ney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells: if the kidney secretions are irregular of passage and
unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially
for kidney disorders—they cure where
others fail. Over one hundred thousand people have recommended them.
Here's a case at home:
